## PERSONAL PROFILE

Curriculum designer with a PhD in Biomedical Neuroscience and an in-progress MEd. Experienced in designing and implementing medical science related curriculum focused on innovative training practices.

## HIGHLIGHTED WORK EXPERIENCE

### Instructional Designer

Mark Morris Institute | 2019 - 2022

- Collaborated closely with faculty to transition clinical veterinary nutrition content from a traditional face to face program to a blended online program. Rigorously aligned learning objectives with assessments and interactive strategies.
- Oversaw the selection process for the best fit LMS for the organization and currently managing enrollment and usage of over 1800 learners to date.
- Used a needs analysis to draft downloadable and ADA compliant learning and study guides for student usage.
- Assisted faculty in course design and optimal learning strategies.
- Utilized project management and instructional design skills to complete 7 high quality ADA compliant interactive 45-90min self-paced autonomous modules on-time with Articulate Storyline in a nine month time period within a \$80,000 budget.

## CERTIFICATIONS

- Instructional Design Mastery Series  
Online Learning Consortium 2019
  - Certified in E-Learning and Online Teaching  
Univ. of Wisconsin-Stout 2015
